Zoning Breakdown* - "A"

GENERAL AGRICULTURAL A

1. Purpose: Agriculture is considered to be a highly valued resource in Montrose County. The primary intent of this district is to provide for the conduct of agricultural activities related to ranching, farming, and forestry production; including activities that support, maintain, and promote agriculture as an essential economic factor in the county. Land uses in the General Agricultural District are encouraged to provide for the maintenance of agricultural production and preservation of the associated lifestyles.

2. Use Table

- a. The following table identifies the uses allowed by right ("R") or the uses requiring a special use permit ("S") within the General Agricultural District. Any use not listed shall be prohibited except as set forth in Section II.C. 3, Unlisted Uses.
- b. All uses shall meet all applicable provisions set forth in Section III Use Standards and Section V, Detailed Development Standards regardless of the approval level identified in the Use Table below. Where able, the Use Table identifies the additional standards applicable to uses.
- c. Any standard set forth in these Regulations not met by the property owner or operator shall constitute a violation of these Regulations and shall be enforced as set forth in Section VII, Enforcement.
